

Lenovo Professional(4X31K03935)

Lenovo Professional - Keyboard and mouse set - wireless - Bluetooth, 2.4 GHz - Belgium English - key switch: Scissor-Switch - grey

The Lenovo professional wireless rechargeable combo keyboard and mouse is a revolution in productivity and design. Its full-size keyboard sports scissor switches that create an elevated typing experience. Its mouse marvelously crafted from bio-rubber keeps you comfortable all day, and sports an impressive 4,000 DPI range. Plus, both the keyboard and mouse are made from Eco-friendly 65% recycled material that protects the environment.

Key Selling Points

- Make charging easy with the integrated rechargeable battery in the keyboard and mouse
- Seamlessly switch up to 3 devices via the 2.4G unified dongle or Dual BT on multi-OS
- Look your best with the sleek, contemporary design and premium textured finish
- Do it all with a full 3-zone tilt-leg keyboard with worldwide language layouts
- Experience the difference with responsive scissor-switch keys and silent typing
- Maximize your potential with the 8-button symmetrical mouse sporting up to 4000 DPI
- Be Eco-friendly with 65% PCC and Bio-based TPU materials
- Make it personal with programmable functions on both the keyboard and mouse

Product Features

Convenient wireless technology

The keyboard and mouse utilize Bluetooth and 2.4 GHz connectivity through a USB receiver, eliminating the need for cables and providing flexibility in positioning.

Comfortable scissor-switch keys

The keyboard features scissor-switch technology that ensures a quiet and responsive typing experience, reducing fatigue during long tasks.

High-performance mouse

Equipped with an optical sensor, the mouse supports a movement resolution of 4000 DPI and is designed for quick response, making it suitable for various applications.

Robust design for longevity

Both the keyboard and mouse are designed to endure extensive use, with a lifespan of 10 million clicks for the mouse, ensuring reliability over time.

Adjustable height for better ergonomics

The keyboard can be adjusted to different heights, allowing users to achieve a comfortable typing position that can help reduce strain.
