

## OtterBox React Magnets Samsung Galaxy S26+ (77-99942)

### OtterBox React Series - Back cover for mobile phone - clear - for Samsung Galaxy S26+

The OtterBox React Series carrying case offers a reliable solution for protecting cell phones. Featuring a one-piece design with raised edges and built-in magnets, this ultra-thin protective cover ensures a precision fit that encompasses your device perfectly. It is engineered with DROP+ technology to provide robust drop protection as well as safeguards against scratches and scrapes, allowing users to maintain their phone's pristine condition. Made of 40% recycled plastic, the OtterBox React Series case exemplifies a commitment to environmental responsibility while delivering convenient features for everyday use. With MIL-STD-810G 516.6 compliance, it meets rigorous standards for impact and drop survivability, giving customers peace of mind with each use. Choose this durable and stylish option to keep your phone secure and protected.

### Key Selling Points

- One-piece design provides seamless protection
- Built-in magnets for secure attachment
- DROP+ technology ensures drop protection
- Compliant with MIL-STD-810G for durability
- Made of 40% recycled plastic for environmental sustainability

### Product Features

- Durable construction**  
The protective cover features raised edges and a one-piece design that help absorb impacts from drops, ensuring that your device remains safe even in challenging conditions.
- Custom fit**  
Designed for a precision fit, this back cover wraps around the phone tightly, allowing easy access to all buttons and ports without sacrificing protection.
- Enhanced protection**  
Equipped with features for screen, camera, scratch, and scrape protection, this case provides comprehensive safeguarding for essential parts of your phone.
- Eco-friendly materials**  
Constructed from 40% recycled plastic, this case reflects a commitment to sustainability without compromising on quality or protection.
- MIL-STD compliant**  
The casing meets military specifications for drop and impact protection, certifying its ability to withstand accidental drops and ensure long-lasting performance.
